

BURR Handy-Lift

Takes You Where You Want To Go

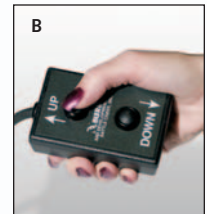

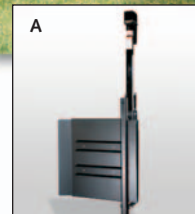

Steps are no longer a problem when accessing your recreational vehicle with the Burr Handy-Lift! Just press the switch and the Handy-Lift will easily lift you up to 40 inches at a safe lifting speed. The Handy-Lift platform folds and locks away for traveling, and there is an emergency crank handle in case of battery failure.

OTHER BURR HANDY-LIFT FEATURES INCLUDE:

- 12 volt DC
- Black powdercoat for extra protection
- Mounting brackets included
- Cable control
- Lifts up to 300 pounds up to 40" on a 25-1/2" x 26" platform in less than a minute (not designed to accommodate wheelchairs)
- Vertical stroke lengths of more than 40" are available by special order
- Shipping weight of 120 lbs. in two cartons (can be shipped via UPS)

Handy-Lift comes complete with all parts and instructions for installation, and a full one-year warranty (call or write for complete details).
